Respected Shri Ravindra Pillay,

First of all please accept my best wishes for you & your family for the new year.

I received your letter and the photographs a few days back. It was really a very pleasant surprise and your gesture has really touched me.

I have attended quite a few courses at NADP and at other places, but your portion of the course was really very very good and I will definitely remember it. I will definitely be looking forward for a meeting with you again.

With regards,

(Dr. V.K. Rathi)
Dy. General Manager
